Traci Bogan

EMPOWERING WOMEN WORLDWIDE

AS SEEN ON

Traci Bogan is the world's first Dreampreneur and leading expert on goal mastery and self-empowerment. She has backpacked 75,000 miles, in six continents, through 54 countries. During her travels, she discovered the power of a compass. By utilizing this little golden tool, she always found her way. Traci shares her "Golden Compass" formula so others can find their way, personally and professionally. She has developed a proven 10 key Goal Planning System (GPS) and Metrics Accountability Plan (MAP) to empower audiences to breakthrough their fears and ignite the courage to set, commit to and achieve their boldest goal or most daring dream that aligns with their soul's purpose and brings them a life of prosperity and joy.

The breadth of Traci's life experiences is beyond ordinary. As a survivor of childhood sexual abuse, she spearheaded a campaign to increase the Criminal Statute of Limitations for sex crimes on children. Her grass-root efforts helped change Wisconsin's law on child sexual abuse. It is dubbed "The Bogan Bill." Traci has lived in China, teaching English at the World Exchange College of Language, as well as Alaska, Hawaii, Texas, Arizona and Wisconsin.

Traci is on a mission to transform a million "dreamers" into Dreampreneurs through her retreats, speaking and coaching. She has been featured on FOX, ABC, NBC, CBS, SHE Magazine as well as many radio shows. She is also the Author of four books.

TRACI DEFINES:

Dreamer [dremer] noun, those who have a disease called "some-dayitis;" they have lofty goals, big dreams and exciting aspirations that they intend to pursue some-day -- but for most, like in the dictionary, death-day will always come before some-day.

Dreampreneur [dreem pruh-noor] noun, one who has the unrelenting will to achieve their boldest goal or most daring dream that aligns with their soul's purpose and brings them a life of prosperity and joy.

Traci's "Golden Compass" is Your COMPLETE GUIDING SYSTEM to achieve your boldest goals and most daring dreams. It includes a TWELVE NAVIGATION MARKER GPS (Goal Planning System) and Navigation MAP (Metrics Accountability Plan) for detailed metrics results tracking that guides you to change your direction from being a "dreamer" to becoming a Dreampreneur. To change your direction, you must change your belief system. Your beliefs act like a compass that can either keep you on the correct course or lead you through a lifetime of detours and dead-ends.
